SERVICES

Shipping agents

We have owned offices in: Madrid, A Coruña, Barcelona, Palma de Mallorca, Alcudia, Sagunto, Algeciras, Bilbao, Las Palmas, Tenerife, Fuerteventura, Vigo, El Ferrol, Gibraltar, Ceuta, Lisbon, Casablanca, Agadir, Dahkla, Laayoune, Rio de Janeiro, Panama, Callao, Cartagena, Montevideo, Singapore. Our average group total number of ship attendances is 3000 vessels/year

Logistics Steel cargoes

The Company undertakes the intermediary steps in the handling, importation and exportation of project and general cargoes (mainly steel products), acting as stevedores and coordinating all logistics upto final delivery to receivers.

Port operations, classification, de-consolidation, overland transport (by truck or rail), storage and tax representation upto delivery to the receivers of the goods.

In the logistics field, the company handles some 500,000 M/T's of cargo.

Project cargo / Chartering

Incargo S.L. is specialized in the global transportation of break-bulk, heavylift and project cargoes.

We offer tailor-made, innovative and efficient from factory up to site, shipping all over the world heavy lift and over-dimensional cargo supporting cargo requirements, including alternative port services. Major industrial customers entrust us with the transportation of components for their projects. Power plants, petrochemical and water treatment installations, transformers, generators, engines, cement plants and yachts.

The vessels chartered or contracted by us, are specifically chosen to suit the carriage of the type of breakbulk and conventional cargoes such as steel plates, coils, pipes and forest products.

Forwarders

service including:

a wide network of correspondents around the world enable us to provide a flexible and efficient

seafreight: L.C.L./F.C.L., buyer's consolidation

airfreight: any size, any weight, any commodity

custom brokerage: assistance with any customs requirement

multimodal transport: door to door movements

Specialized in spare parts/time critical.

specialized in services at Canary Islands

We are members of Spanish Ateia-Feteia, WCA family of logistical networks, ALFA logistics family alliance and IATA.

INCARGO handles approximately 10000 teus annually mainly in the teaffics between Spain, China, India, Canada, Italy and North Europe

Customs Brokers

INCARGO is AEO registered under membership number ESAESC12000103YQ, with offices in Madrid, Valencia, Algeciras, Las Palmas, Tenerife, Palma de Mallorca, and Vigo.

We are custom brokers, member of Spanish , Ateia-Feteia organisation, with centralized clearance hub, allowing us to operate in Spain Mainland and Canary Islands. Spanish Customs office authorise Incargo to issue and act as receiver of custom Transit declaration. Our organisation operates in all main Spanish ports and Airports with bonded Warehouses in Algeciras, Las Palmas, Tenerife, Valencia, Madrid.

We enjoy a good experience and close collaboration with couriers, urgent spare parts despatchers and groupage service providers.

Stevedoring logistical services

The Company undertakes the intermediary steps in the handling, importation and exportation of project and general cargoes (steel products, paper, etc.), acting as stevedores and coordinating all logistics upto final delivery to receivers.

With respect to the above, we coordinate the logistics for deliveries of equipment to aeolic wind farms on behalf of leading manufacturers in the field on a worldwide basis, and with the assembly of industrial plants , such as combined cycle power central receivers and large civil engineering structures.

We oversee Port operations, classification, de-consolidation, overland transport (by truck or rail), storage and tax representation upto delivery to the receivers of the goods.

In the logistics field, the company handles some 500,000M/T's of cargo.

Shipchandlers

IMPA.NET
Barcelona | Casares | Eilat

This certificate is the property of the International Marine Purchasing Association. It is not to be used for any other purpose. It is not to be used for any other purpose. It is not to be used for any other purpose.
